

NAMING OPPORTUNITIES

LEAVE A LASTING LEGACY

Youthlinc is building a community center and office space. The campus will include office space for our five core programs, activity space to host an on-site Real Life mentoring program, play fields, and gardens.

We are seeking donations, large and small, to make this community campus a reality.

There are a number of opportunities to support in building a legacy location for the future humanitarians Youthlinc will help create.

Small Walkway Paver	\$500	Basketball Court	\$50,000
